Request for Reconsideration Pursuant to 37 C.F.R. § 1.111

Dear Madam:

This paper is being filed ultimately responsive to the 02/25/04 Official Action, but more immediately responsive to the 11/15/2004 Office Action that identified informalities in Applicant's earlier Request for Reconsideration filed 06/09/2004 (and re-filed 08/23/2004 because of an apparent fax-transmission error on 06/09/2004). Applicant's initial Request filed 06/09/2004 and again on 08/23/2004 was accompanied by a number of patents and sheets of figures that were identified in that paper and are also referred to in the present paper. Since Applicant understands that all of the material submitted on 08/23/2004 was received by Examiner, he respectfully requests that she refer to those earlier-filed documents in connection with her review of the present paper so that he can avoid re-submitting the entire 72-page filing.

In the 02/25/04 Office Action, Examiner rejected pending Claims 1-5 under 35 U.S.C. 102(b) based on Hinsperger (U.S. Patent 5,605,007) and Claim 6 under 35 U.S.C. 103(a) based on Hinsperger in combination with Dalle (U.S. 4,577,436). Examiner also noted that Applicant failed to submit a paper copy of the five foreign

patents cited in the Information Disclosure Statement. Applicant respectfully requests that Examiner amend the application in the manner set out immediately below, and explained in REMARKS starting on page 9 of this paper. Applicant also requests that Examiner consider his arguments, also included in REMARKS, for deeming allowable all of the claims as amended.

AMENDMENTS

Amendments to the Specification begin on page 3 of this paper; amendments to the Drawing begin on page 4 of this paper, and amendments to the Claims begin on page 5.
